

Welcome to your December 2017 Newsletter. We hope you've all had a lovely first term at school and have been enjoying the festive fun in the run up to the holidays. From all of us at LexiaUK we wish you a wonderful Christmas and a happy New Year.

This Newsletter

- Shares examples of good practice
- Celebrates success with Lexia
- Ensures you are making the most of your Lexia investment

Lexia's Three Best Practice Goals

- Pupils use Lexia typically 3 times a week, with each session lasting at least 20 minutes
- Teachers monitor pupil progress each week by visiting mylexia.com
- Pupils receive additional teacher-led Lexia Lessons

LexiaUK's 12 Tips of Christmas

1. The member of our staff who used to oversee Lexia has now left how do I get new log-in details?

You will need to find out which members of staff in your school have admin access. Then, go to the Manage tab in myLexia and select Staff. Ask your colleague who has access to add you to the system and you will be able to enter your new log in details for yourself.

4. How do I import a large number of students onto myLexia?

Go to the manage tab on myLexia, select students. Alongside the plus button (bottom left) there will be an import option, click on this. Next click on the import guidelines and follow the instructions.

6. I want to ensure that our Lexia program is available for home-use. What is the process for setting this up?

You can find our School-to-Home letters in the Core5 and Strategies sections of the Resources tab on the LexiaUK website. Add your student's username and password to the letters and a teacher's email address for set up. You can print these letters out and give them to parents to inform them about Lexia and instruct them about how to access the software at home.

2. Does Lexia give a reading age for students?

No, however it uses its own diagnostic auto placement to determine the best starting point for your students.

3. What is the difference between Core5 and Strategies?

Core5 is an in-depth reading skills program primarily designed for use in Primary Schools. The Strategies program is a remedial catch up program designed for older students- usually used in Secondary Schools. Both essentially cover the same material just in different formats.

5. I don't want to use my teacher email for home use- is there another email I can use?

Of course! You can create a 'fake' email address such as Lexia@schoolname.com. The student program needs to be able to make the link between use at home and the myLexia account assigned to the school in order to allow access and the tracking of student progress.

7. Can the usage targets and end of year targets be changed?

No, the usage targets are predicted by the software and are based on the student's end of year target, current position within the program, rate and accuracy. End of year targets are determined by the year group the student has been assigned to.

8. How many licences are we using and how can I check?

You can check your licences by going to myLexia, clicking on the settings cog (bottom left) and then licence info. This will tell you how many licences you own and how many are currently in use.

9. I'm trying to log my year 7 student onto Core5 but it is popping up with 'wrong product'- what does this mean?

When students are added to myLexia, their year group determines which program they are automatically assigned to. Any students Year 7+ will be assigned to Strategies and Reception to Year 6 will be assigned to Core5. This can be changed in myLexia under the manage tab, students and edit student program. Call our Customer Care Team on 0191 482 1939 for guidance.

10. We can't find our Lexia paperwork- how do I find out when we are due for renewal?

You can check your renewal date by going to myLexia, clicking on the settings cog (bottom left) and licence info. Here it will tell you when you are due for renewal.

11. How can I get parents on board with Lexia?

Lots of schools hold a Lexia parents evening. Here you can log in to both programs under educator mode and provide a demo to parents to show them just how great Lexia is. Our lovely customer care team can also provide you with an informative power point to share with parents.

12. We're using Lexia so well, how do I purchase additional licences?

Fantastic! Simply call our lovely team on 0191 4821939 and they will be able to provide you with a personalised quote for extra licences.

LexiaUK Event in Birmingham

LexiaUK held a successful event at Birmingham City Football Club at the beginning of December, we would like to thank all those who attended and made it a great morning, especially Lesley from Birmingham Pupil and School Support Service. We have a busy 2018 planned for events, so keep an eye on our website for events in your area.

To find out more about any aspect of our Newsletter, contact 0191 482 1939 Monday-Friday, 8:30am-4:30pm.
