

INTRODUCING

New Digital Formats for Lexia Instructional Resources

This year, you and your students may be logging into a virtual classroom or navigating a mix of face-to-face and online learning. To support literacy development wherever the learning happens, Lexia's offline literacy-building resources are now available in flexible digital formats.

Digital Lexia Skill Builders®

Available for Lexia® Core5® Reading and Lexia® PowerUp Literacy®, digital Skill Builders provide the same opportunities to apply key literacy skills and strategies as paper-based Skill Builders, while expanding student access and eliminating the need for printing.

NEW FOR 2020

Teachers can assign digital Skill Builders via Google Classroom™ and other Learning Management Systems.

Students can complete digital Skill Builders on a tablet, Chromebook™, laptop, or computer.

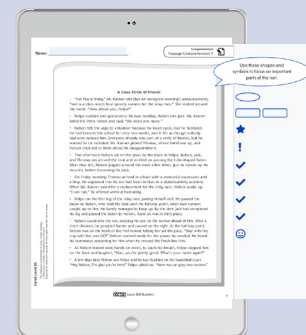

For use with Google Classroom or other Learning Management Systems

Moveable visual components facilitate sorting and sequencing tasks

Type-in text boxes enable word, sentence, or paragraph responses

Text annotation features, such as highlighting and margin notes, support comprehension activities

Lexia Lessons® Slide Decks

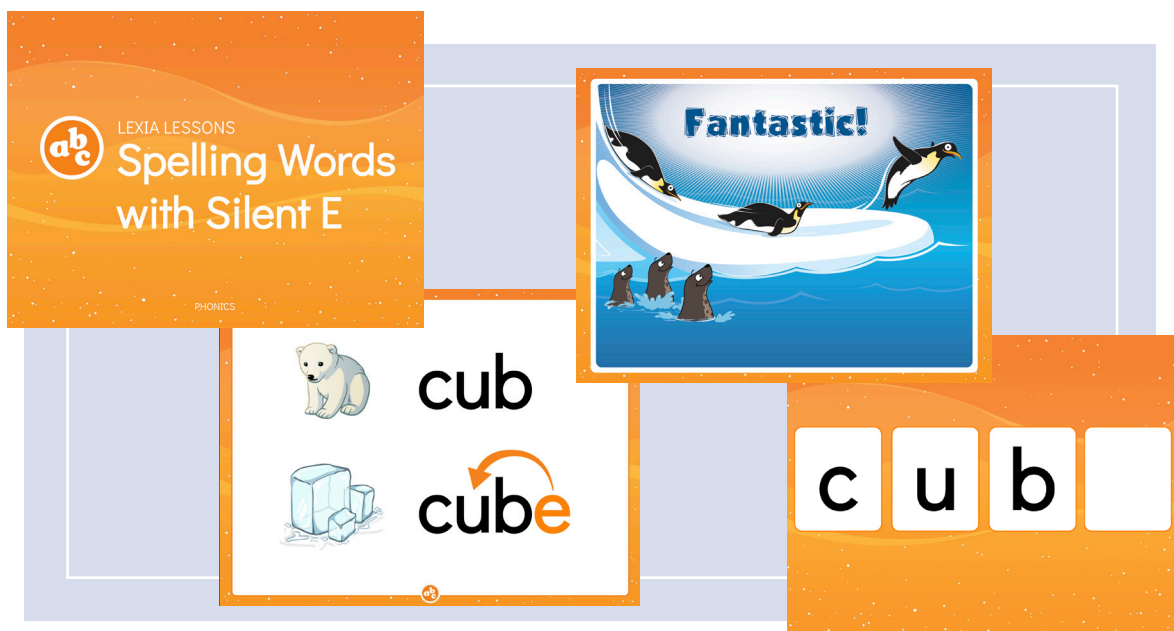

Available for the Phonics strand in Lexia Core5 Reading, Lexia Lessons Slide Decks help educators provide targeted intervention to individual students, small groups, or the whole class. Slide Decks include visuals and lesson plans, optimised for presentation in the classroom or in a remote learning environment.

NEW FOR 2020

Teachers can download Lexia Lessons Slide Decks to Google Drive™, and customise as needed.

Suggested scripts and lesson delivery tips are included in speaker notes (visible to teachers only) to help guide learning.

Engaging visual elements and presentation features enhance lesson delivery to keep students engaged.

*Educators are integral to the delivery of each lesson—
they control the dialogue and pace.*

This personalised approach supports the varying needs of all students.
